

## SYMPOSIUM FLYER

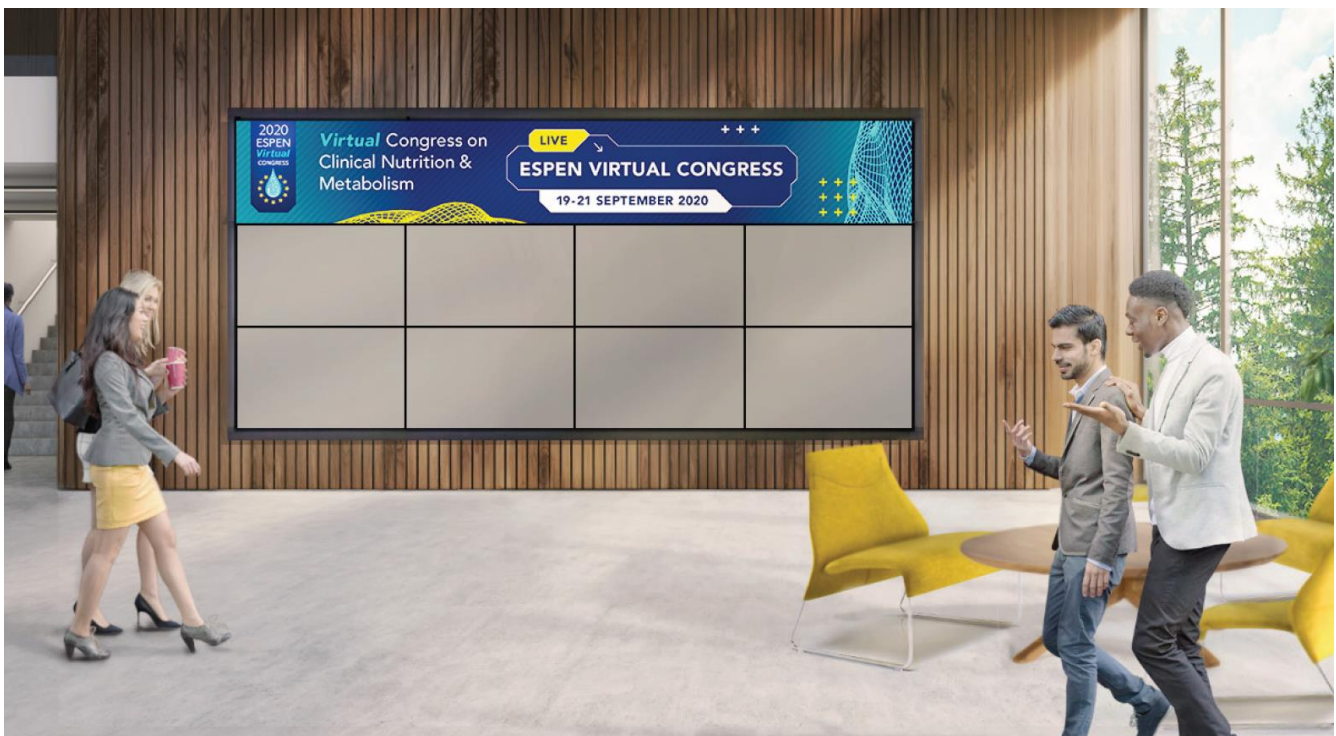

To advertise for your symposium, please prepare a PDF flyer with the programme of the symposium and any additional information you wish to share regarding your session. The flyer will be used in two different locations to help you promote your session:

## ON THE ESPEN WEBSITE

We will shortly create a section of the congress website which will list all the satellite symposia, with date, timing, and programme. Your flyer will be linked to your session so that viewers can access it when browsing the industry sessions.

## ON THE CONGRESS PLATFORM

During the face to face traditional ESPEN Congress, each company holding a satellite symposium can bring a roll-up to advertise for their symposium in the registration area. In the virtual congress platform, we will have a dedicated section for all industry sessions, that will be highly visible from the lobby. Upon entering this section, the delegates will land on the below virtual room where each symposium will be listed on a screen, and your PDF flyer will open upon clicking on your screen.

## DEADLINE &amp; LOGISTICS

Please send your pdf flyer to [Corentin.ryu@mci-group.com](mailto:Corentin.ryu@mci-group.com) at your earliest convenience and **no later than Thursday 3 September**. In the meantime, we will still list your programme on the website if you have already provided it via the symposium form
